A detailed line drawing of a Smith & Wesson Model 10 revolver, shown from a side profile. The drawing highlights the revolver's frame, the five-chambered cylinder, the long barrel, and the textured grip. The trigger and hammer are also clearly visible. The drawing is a technical illustration, likely for a catalog or manual.

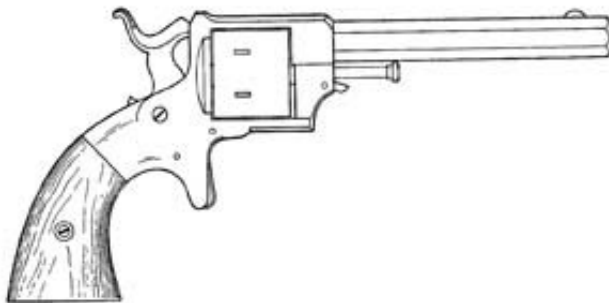

A detailed line drawing of a Smith & Wesson Model 10 revolver, shown from a side profile. The revolver features a long, slender barrel with a small front sight. The cylinder is mounted on a frame with a trigger guard. The trigger is a simple, curved design. The grip is made of wood with a textured finish and a metal band near the base. The drawing is a technical illustration, likely for a manual or catalog.
